Hi Tom, I'll look into a bio for Alexis.

Communications- understood. So I shouldn't cc Heather?

I don't have a work phone, so I don't get emails on the weekend.....

I'll be at the State of the Estuary Tues and Wednesday this week, but am reachable by cell.

Erica

Subject: Two Items

Do you have bio for Alexis? Looking to get the outreach materials together for the event this coming week. If there is some one else to contact let me know and I'll go there.

Communications from you to the SMBNEP should come to me and then I can channel to my staff and to Dr. Wang at the SWRCB.

Thanks Erica.

In case you are by your phone, sorry for the weekend email.

Regards,

Tom
